

Chili Burn™

Calorie burning

Chili Burn™

Chili Burn™ is an advanced chili based tablet optimised with ingredients, which contribute to normal energy-yielding calorie burning. Each tablet provides you with a highly potent tea extract very rich in EGCG (epigallocatechin gallate) plus chromium picolinate, B vitamins and magnesium, which help maintain a normal metabolism of fat, carbohydrates and proteins and the conversion of these “body fuels” into energy.

Chilli

The chilli fruits are harvested from the plants of the Capsicum family, which belong to the nightshade species. Chilli originates from America, where it has been part of the diet since 7500BC. The chilli plants were brought to Europe after Christopher Columbus. Today chilli is a proven spice, which will bring forward the feeling of “heat”.

Chili Burn™ is available in a 60 tablet pack. For more information call 0800 389 1255 or purchase online at www.newnordic.co.uk

RECOMMENDED DAILY DOSES

2 tablets per day, 1 tablet together with lunch and 1 tablet with dinner. Should not be taken on an empty stomach.

Food supplements are intended to supplement the diet and should not substitute a varied diet or healthy lifestyle. **Do not exceed the stated dose. Caution:** Seek professional advice before taking if you are pregnant, breast feeding or suffer from allergies. **Warnings:** Not suitable for children under 12 years of age.
