

Hair Volume™ Gummies

Hair growth and volume

Hair Volume™ Gummies

Hair Volume™ is an apple gummy combination with millet, horsetail, biotin and zinc. The gummies supply nutrients to the scalp and hair follicles (the hair's root) where the hair is formed. The content of biotin and zinc helps maintain normal hair and normal skin. Zinc also helps to maintain normal nails.

Apple

The apple extract used in this tablet is naturally rich in procyanidin-B2. The apples are picked, mashed, dried and extracted, so that the desired herbal substance is preserved. This gives a guarantee for a high standardised quality.

Hair Volume™ is now available in a 60's, chewable gummy. For more information call 0800 389 1255 or purchase online at www.newnordic.co.uk

RECOMMENDED DAILY DOSES

Take two gummies daily in connection with a meal.

Food supplements are intended to supplement the diet and should not substitute a varied diet or healthy lifestyle. **Do not exceed the stated dose. Caution:** Seek professional advice before taking if you are pregnant, breast feeding or suffer from allergies. **Warnings:** Not suitable for children under 12 years of age. Not suitable for vegans or vegetarians.
